

PARTNERSHIP FOR EMPLOYER-SPONSORED COVERAGE

The Partnership for Employer-Sponsored Coverage (P4ESC) is a leading advocacy alliance in Washington, D.C., for employers of all sizes and the millions hardworking Americans and their families who rely on employer-sponsored coverage every day. P4ESC is working to ensure that employer-sponsored coverage, the backbone of our nation's health care system, is strengthened and remains a viable, affordable option for decades to come.

Employers of all sizes contribute vast resources to employees and their families through the employer-sponsored system. Employers have a vested interest in health care quality, value and system viability. Employers have been on the leading edge of health delivery innovation and modeling for decades. When considering legislative and regulatory policy development and implementation, federal lawmakers and regulators must understand and appreciate the societal and economic commitments employers make to our nation's workforce through the employer-sponsored coverage system.

Partnership for Employer-Sponsored Coverage

- Leading umbrella advocacy and policy development alliance working on a broad range of health care and benefits issues for employers of all sizes
- Convenes business-sector organizations and employers to collaborate on, and advocate for, health and benefits policies that impact the daily lives of employers and employees
- Voice for employer-sponsored coverage: committed to the development of, and advocacy for, health policy solutions from the employer perspective on Capitol Hill and in federal agencies
